

Building for the future

Key milestones in 2025

University Hospitals Dorset

As our transformation progresses and we enter a busy new year, we look forward to exciting developments across our hospital sites. This £500m investment will ensure that patients receive the right care, in the right place, at the right time.

We recognise that delivering these improvements while maintaining high-quality care is a significant challenge. Thank you to all our staff for your dedication, flexibility, and support in ensuring services continue to run smoothly throughout this period of change.
