Introduction

About this report

This benchmark report for University Hospitals Dorset NHS Trust contains results for the 2022 NHS Staff Survey, and historical results back to 2018 where possible. These results are presented in the context of best, average and worst results for similar organisations where appropriate*. Data in this report are weighted** to allow for fair comparisons between organisations.

Please note: Results for Q1, Q10a, Q24d, Q25a-c, Q26a-c, Q27, Q28, Q29, Q30a, Q31a-b, Q32a-b and Q33 are not weighted or benchmarked because these questions ask for demographic or factual information.

Full details of how the data are calculated and weighted are included in the Technical Document, available to download from our results website.

How results are reported

For the 2021 survey onwards the questions in the NHS Staff Survey are aligned to the People Promise. This sets out, in the words of NHS staff, the things that would most improve their working experience, and is made up of seven elements:

In support of this, the results of the NHS Staff Survey are measured against the seven People Promise elements and against two of the themes reported in previous years (Staff Engagement and Morale). The reporting also includes sub-scores, which feed into the People Promise elements and themes. The next slide shows how the People Promise elements, themes and subscores are related and mapped to individual survey questions.

*The data included in this report are weighted to the national benchmarking groups. The figures in this report may be different to the figures produced by your contractor.

**Please see Appendix C for a note on the revision to 2019 historical benchmarking for Mental Health & Learning Disability and Mental Health, Learning Disability & Community Trusts, and Community Trust benchmarking groups.

People Promise elements, themes and sub-scores

| People Promise elements | Sub-scores | Questions |
|------------------------------------|-------------------------------|--|
| We are compassionate and inclusive | Compassionate culture | Q6a, Q23a, Q23b, Q23c, Q23d |
| | Compassionate leadership | Q9f, Q9g, Q9h, Q9i |
| | Diversity and equality | Q15, Q16a, Q16b, Q20 |
| | Inclusion | Q7h, Q7i, Q8b, Q8c |
| We are recognised and rewarded | No sub-score | Q4a, Q4b, Q4c, Q8d, Q9e |
| We each have a voice that counts | Autonomy and control | Q3a, Q3b, Q3c, Q3d, Q3e, Q3f, Q5b |
| | Raising concerns | Q19a, Q19b, Q23e, Q23f |
| We are safe and healthy | Health and safety climate | Q3g, Q3h, Q3i, Q5a Q11a, Q13d, Q14d |
| | Burnout | Q12a, Q12b, Q12c, Q12d, Q12e, Q12f, Q12g |
| | Negative experiences | Q11b, Q11c, Q11d, Q13a, Q13b, Q13c, Q14a, Q14b, Q14c |
| We are always learning | Development | Q22a, Q22b, Q22c, Q22d, Q22e |
| | Appraisals | Q21a*, Q21b, Q21c, Q21d *Q21a is a filter question and therefore influences the sub-score without being a directly scored question. |
| We work flexibly | Support for work-life balance | Q6b, Q6c, Q6d |
| | Flexible working | Q4d |
| We are a team | Team working | Q7a, Q7b, Q7c, Q7d, Q7e, Q7f, Q7g, Q8a |
| | Line management | Q9a, Q9b, Q9c, Q9d |
| Themes | Sub-scores | Questions |
| Staff Engagement | Motivation | Q2a, Q2b, Q2c |
| | Involvement | Q3c, Q3d, Q3f |
| | Advocacy | Q23a, Q23c, Q23d |
| Morale | Thinking about leaving | Q24a, Q24b, Q24c |
| | Work pressure | Q3g, Q3h, Q3i |
| | Stressors | Q3a, Q3e, Q5a, Q5b, Q5c, Q7c, Q9a |

Questions not linked to the People Promise elements or themes

Introduction

This section provides a brief introduction to the report, including how questions map to the People Promise elements, themes and sub-scores, as well as features of the graphs used throughout.

Organisation details

This slide contains **key information** about the NHS organisations participating in this survey and details for your own organisation, such as response rate.

People Promise Elements, Themes and Sub-scores: Overview

This section provides a high-level **overview** of the results for the seven elements of the People Promise and the two themes, followed by the results for each of the **sub-scores** that feed into these measures.

People Promise Elements, Themes and Sub-scores: Trends

This section provides trend results for the seven elements of the People Promise and the two themes, followed by the trend results for each of the sub-scores that feed into these measures.

All of the People Promise elements, themes and sub-scores are scored on a 0-10 scale, where a higher score is more positive than a lower score. For example, the Burnout sub-score, a higher score (closer to 10) means a lower proportion of staff are experiencing burnout from their work. These scores are created by scoring questions linked to these areas of experience and grouping these results together. Your organisation results are benchmarked against the benchmarking group average, the best scoring organisation and the worst scoring organisation. These graphs are reported as percentages. The meaning of the value is outlined along the y axis. The questions that feed into each sub-score are detailed on slide 5.

The Covid-19 pandemic

This section contains results for the People Promise elements and themes split by staff experience related to the Covid-19 pandemic.

Questions not linked to People Promise

Results for the questions that do not contribute to the result for any People Promise element or theme are included in this section.

Workforce Equality Standards

This section shows that data required for the indicators used in the **Workforce Race Equality Standard (WRES)** and the **Workforce Disability Equality Standard (WDES)**.

About your respondents

This section provides details of the staff responding to the survey, including their **demographic and other classification questions**.

Appendices

Here you will find:

- Response rate.
- Significance testing of the People Promise element and Theme results for 2021 vs 2022.
- Data in the benchmark reports.
- Additional reporting outputs.
- Tips on action planning and interpreting the results.
- Contact information.

Please note, where there are less than 11 responses for a question this data is not shown to protect the confidentiality of staff and reliability of results.

Please note this is example data

Key features

Question-level results are always reported as percentages; the **meaning of the value** is outlined along the axis. Summary measures and sub-scores are always on a 0-10pt scale where 10 is the best score attainable.

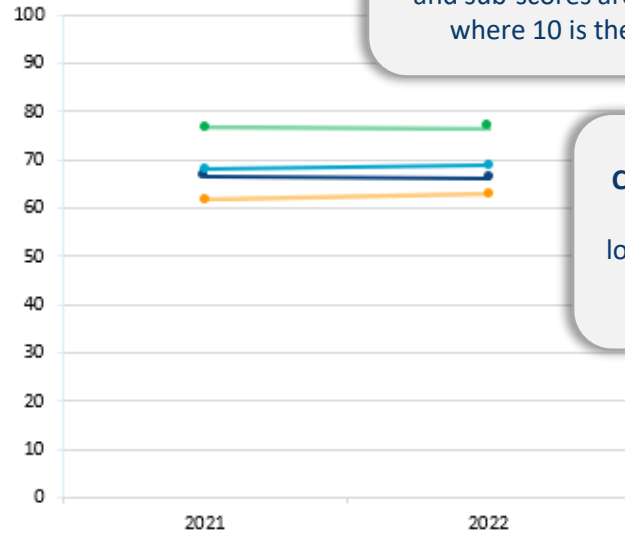

Question number and text (for summary measure) specified at the top of each slide.

The home icon on each slide is **hyperlinked** and takes you back to the contents page (which is also hyperlinked to each section).

Colour coding highlights best / worst results, making it easy to spot questions where a lower percentage is better – in such instances 'Best' is the bottom line in the table.

Number of responses for the organisation for the given question.

% of staff selecting 'Agree'/'Strongly Agree' out of those who answered the question

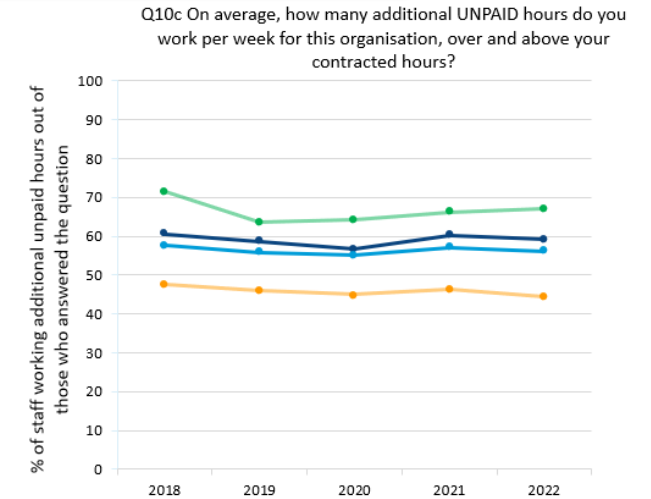

2021 2022

2021 2022

| | 2021 | 2022 |
|----------|-------|-------|
| Your org | 66.5% | 66.3% |
| Best | 76.8% | 76.8% |
| Average | 68.0% | 68.7% |
| Worst | 61.9% | 62.8% |

Tips on how to read, interpret and use the data are included in the Appendices

| | 2018 | 2019 | 2020 | 2021 | 2022 |
|----------|-------|-------|-------|-------|-------|
| Your org | 60.5% | 58.7% | 56.8% | 60.2% | 59.2% |
| Best | 71.4% | 63.6% | 64.2% | 66.1% | 67.3% |
| Average | 57.7% | 55.9% | 55.1% | 57.0% | 56.3% |
| Worst | 47.7% | 46.0% | 45.0% | 46.5% | 44.6% |

'Best', 'Average', and 'Worst' refer to the **benchmarking group's** best, average and worst results.

Covid-19 Classification breakdowns

Covid-19 classification breakdowns

Covid-19 questions

In the 2022 survey, staff were asked three classification questions relating to their experience during the Covid-19 pandemic:

- | | | |
|---|---|--|
| a. In the past 12 months, have you worked on a Covid-19 specific ward or area at any time? | ₁ <input type="checkbox"/> Yes | ₂ <input type="checkbox"/> No |
| b. In the past 12 months, have you been redeployed due to the Covid-19 pandemic at any time? | ₁ <input type="checkbox"/> Yes | ₂ <input type="checkbox"/> No |
| c. In the past 12 months, have you been required to work remotely/from home due to the Covid-19 pandemic? | ₁ <input type="checkbox"/> Yes | ₂ <input type="checkbox"/> No |

The charts on the following pages show the breakdown of People Promise elements scores for staff answering 'yes' to each of these questions, compared with the results for all staff at your organisation. Results are presented in the context of highest, average and lowest scores for similar organisations.

Comparing your data

To improve overall comparability, the data have been weighted to match the occupation group profile of staff at your organisation to that of the benchmarking group, as in previous charts. However, there may be differences in the occupation group profiles of the individual COVID-19 subgroups. For example, the mix of occupational groups across redeployed staff at your organisation may differ from similar organisations. This difference would not be accounted for by the weighting and therefore may affect the comparability of trend results. As such, a degree of caution is advised when interpreting your results.

Further information

Results for these groups of staff, including data for individual questions, are also available via the online dashboards. Please note that results presented in these dashboards have not been weighted where no benchmarking takes place and so may vary slightly from those shown in this report.

The Covid-19 pandemic – Your experience during the Covid-19 pandemic

Q25a In the past 12 months, have you worked on a Covid-19 specific ward or area at any time?

| | 2020 | 2021 | 2022 |
|-----------|------|-------|-------|
| Your org | - | 44.9% | 41.1% |
| Average | - | 43.6% | 37.2% |
| Responses | - | 3363 | 4116 |

Q25b In the past 12 months, have you been redeployed due to the Covid-19 pandemic at any time?

| | 2020 | 2021 | 2022 |
|-----------|------|-------|-------|
| Your org | - | 21.6% | 11.9% |
| Average | - | 20.4% | 11.2% |
| Responses | - | 3342 | 4100 |

Q25c In the past 12 months, have you been required to work remotely/from home due to the Covid-19 pandemic?

| | 2020 | 2021 | 2022 |
|-----------|------|-------|-------|
| Your org | - | 27.5% | 21.6% |
| Average | - | 30.6% | 24.6% |
| Responses | - | 3347 | 4097 |

The Covid-19 pandemic – Your experience during the Covid-19 pandemic

All of the People Promise elements, themes and sub-scores are scored on a 0-10 scale, where a higher score is more positive than a lower score.

Workforce Equality Standards

Please note, when there are less than 11 responses for a question, results are suppressed to protect staff confidentiality and reliability of data.

Workforce Race Equality Standards (WRES)

This section contains data for the organisation required for the NHS Staff Survey indicators used in the Workforce Race Equality Standard (WRES). It includes the 2018-2022 organisation and benchmarking group median results for q13a, q13b&c combined, q15, and q16b split by ethnicity (by white staff / staff from all other ethnic groups combined).

Workforce Disability Equality Standards (WDES)

This section contains data for the organisation required for the NHS Staff Survey indicators used in the Workforce Disability Equality Standard (WDES). It includes the 2018-2022 organisation and benchmarking group median results for q4b, q11e, q14a-d, and q15 split by staff with a long lasting health condition or illness compared to staff without a long lasting health condition or illness. It also shows results for q30b (for staff with a long lasting health condition or illness only), and the staff engagement score for staff with a long lasting health condition or illness, compared to staff without a long lasting health condition or illness and the overall engagement score for the organisation.

This year, the text for q30b was updated and the word 'adequate' was updated to 'reasonable'.

The WDES breakdowns are based on the responses to q30a Do you have any physical or mental health conditions or illnesses lasting or expected to last for 12 months or more?

This section contains data required for the staff survey indicators used in the Workforce Race Equality Standard (WRES) and Workforce Disability Equality Standard (WDES). Data presented in this section are unweighted.

Workforce Race Equality Standards (WRES)

| Indicator | Qu No | Workforce Race Equality Standard |
|---|-----------|--|
| For each of the following indicators, compare the outcomes of the responses for white staff and staff from all other ethnic groups combined | | |
| 5 | 14a | Percentage of staff experiencing harassment, bullying or abuse from patients, relatives or the public in last 12 months |
| 6 | 14b & 14c | Percentage of staff experiencing harassment, bullying or abuse from staff in last 12 months |
| 7 | 15 | Percentage believing that their practice provides equal opportunities for career progression or promotion |
| 8 | 16b | In the last 12 months have you personally experienced discrimination at work from any of the following? b) Manager/team leader or other colleagues |

Workforce Disability Equality Standards (WDES)

| Indicator | Qu No | Workforce Disability Equality Standard |
|--|------------------|--|
| For each of the following indicators, compare the responses for staff with a LTC* or illness vs staff without a LTC or illness | | |
| 4ai | 14a | Percentage of staff experiencing harassment, bullying or abuse from patients/service users, their relatives or other members of the public |
| 4aii | 14b | Percentage of staff experiencing harassment, bullying or abuse from managers |
| 4aiii | 14c | Percentage of staff experiencing harassment, bullying or abuse from other colleagues |
| 4b | 14d | Percentage of staff saying that the last time they experienced harassment, bullying or abuse at work, they or a colleague reported it |
| 5 | 15 | Percentage believing that their practice provides equal opportunities for career progression or promotion |
| 6 | 9e | Percentage of staff saying that they have felt pressure from their manager to come to work, despite not feeling well enough to perform their duties |
| 7 | 4b | Percentage staff saying that they are satisfied with the extent to which their organisation values their work |
| 8 | 30b | Percentage of staff with a long lasting health condition or illness saying their employer has made reasonable adjustment(s) to enable them to carry out their work |
| 9a | theme_engagement | The staff engagement score for staff with LTC or illness vs staff without a LTC or illness |

Workforce Race Equality Standards (WRES)

Appendix B: Significance testing 2021 vs 2022

➤ Appendix B: Significance testing – 2021 vs 2022

The table below presents the results of significance testing conducted on the theme scores calculated in both 2021 and 2022*.

| People Promise elements | 2021 score | 2021 respondents | 2022 score | 2022 respondents | Statistically significant change? |
|------------------------------------|------------|------------------|------------|------------------|-----------------------------------|
| We are compassionate and inclusive | 7.3 | 3375 | 7.3 | 4143 | Not significant |
| We are recognised and rewarded | 5.9 | 3362 | 5.7 | 4140 | Significantly lower |
| We each have a voice that counts | 6.8 | 3321 | 6.7 | 4071 | Significantly lower |
| We are safe and healthy | 5.8 | 3357 | 5.8 | 4111 | Not significant |
| We are always learning | 5.3 | 3141 | 5.3 | 3978 | Not significant |
| We work flexibly | 5.9 | 3341 | 6.0 | 4119 | Not significant |
| We are a team | 6.6 | 3365 | 6.7 | 4132 | Not significant |
| Themes | | | | | |
| Staff Engagement | 6.9 | 3382 | 6.8 | 4149 | Significantly lower |
| Morale | 5.7 | 3384 | 5.6 | 4150 | Significantly lower |

* Statistical significance is tested using a two-tailed t-test with a 95% level of confidence. For more details please see the [technical document](#).

Appendix C: Tips on using your benchmark report

The following pages include tips on how to read, interpret and use the data in this report. The **suggestions are aimed at users who would like some guidance on how to understand the data** in this report. These suggestions are by no means the only way to analyse or use the data, but have been included to aid users.

Key points to note

The seven People Promise elements, the two themes and the sub-scores that feed into them cover key areas of staff experience and present results in these areas in a clear and consistent way. All of the People Promise elements, themes and sub-scores are scored on a 0-10 scale, where a higher score is more positive than a lower score. These scores are created by scoring questions linked to these areas of experience and grouping these results together. Details of how the scores are calculated can be found in the technical document available on the [Staff Survey website](#).

A key feature of the reports is that they **provide organisations with up to five years of trend data**. Trend data provides a much more reliable indication of whether the most recent results represent a change from the norm for an organisation than comparing the most recent results only to those from the previous year. Taking a longer term view will help organisations to identify trends over several years that may have been missed when comparisons are drawn solely between the current and previous year.

People Promise elements, themes and sub-scores are benchmarked so that organisations can make comparisons to their peers on specific areas of staff experience. Question results provide organisations with more granular data that will help them to identify particular areas of concern. The trend data are benchmarked so that organisations can identify how results on each question have changed for themselves and their peers over time by looking at a single graph.

N.B. Historical benchmarking data for 2019 has been revised for the Mental Health & Learning Disability and Mental Health, Learning Disability & Community Trusts, and Community Trusts benchmarking groups. This is due to a revision in the occupation group weighting to correctly reflect historical benchmarking group changes. Historical data is reweighted each year according to the latest results and so historical figures change with each new year of data; however it is advised to keep the above in mind when viewing historical results released in 2022.

Appendix C: 1. Reviewing People Promise and theme results

When analysing People Promise element and theme results, it is easiest to start with the [overview](#) page to quickly identify areas which are doing better or worse in comparison to other organisations in the given benchmarking group.

It is important to **consider each result within the range of its benchmarking group 'Best' and 'Worst' scores**, rather than comparing People Promise element and theme scores to one another. Comparing organisation scores to the benchmarking group average is another important point of reference.

Areas to improve

- By checking where the 'Your org' column/value is lower than the benchmarking group 'Average' you can quickly identify areas for improvement.
- It is worth looking at the difference between the 'Your org' result and the benchmarking group 'Worst' score. The closer your organisation's result is to the worst score, the more concerning the result.
- Results where your organisation's score is only marginally better than the 'Average', but still lags behind the best result by a notable margin, could also be considered as areas for further improvement.

Positive outcomes

- Similarly, using the overview page it is easy to identify People Promise elements and themes which show a positive outcome for your organisation, where 'Your org' scores are distinctly higher than the benchmarking group 'Average' score.
- Positive stories to report could be ones where your organisation approaches or matches the benchmarking group's 'Best' score.

Only one example is highlighted for each point

Appendix C: 2. Reviewing results in more detail

Review trend data

Trend data can be used to identify measures which have been consistently improving for your organisation (i.e. showing an upward trend) over the past years and ones which have been declining over time. These charts can **help establish if there is genuine change in the results** (if the results are consistently improving or declining over time), or whether a change between years is just a minor **year-on-year** fluctuation.

Benchmarked trend data also allows you to review local changes and benchmark comparisons at the same time, allowing for various types of questions to be considered: e.g. how have the results for my organisation changed over time? Is my organisation improving faster than our peers?

Review the sub-scores and questions feeding into the People Promise elements and themes

In order to understand exactly which factors are driving your organisation's People Promise element and theme scores, you should review the sub-scores and questions feeding into these scores. The **sub-score results** and the **'Question results'** section contain the sub-scores and questions contributing to each People Promise element and theme, grouped together. By comparing 'Your org' scores to the benchmarking group 'Average', 'Best' and 'Worst' scores for each question, the **questions which are driving your organisation's People Promise element and theme results can be identified**.

For areas of experience where results need improvement, action plans can be formulated to **focus on the questions where the organisation's results fall between the benchmarking group average and worst results**. Remember to keep an eye out for questions where a lower percentage is a better outcome – such as questions on violence or harassment, bullying and abuse.

✗ = Negative driver, org result falls between average & worst benchmarking group result for question

This benchmark report displays results for all questions in the questionnaire, including benchmarked trend data wherever available. While this a key feature of the report, at first glance the amount of information contained on more than 140 pages might appear daunting. The below suggestions aim to provide some guidance on how to get started with navigating through this set of data.

Identifying questions of interest

➤ Pre-defined questions of interest – key questions for your organisation

Most organisations will have questions which have traditionally been a focus for them - questions which have been targeted with internal policies or programmes, or whose results are of heightened importance due to organisation values or because they are considered a proxy for key issues. Outcomes for these questions can be assessed on the backdrop of benchmark and historical trend data.

➤ Identifying questions of interest based on the results in this report

The methods recommended to review your People Promise and theme results can also be applied to pick out question level results of interest. However, **unlike People Promise elements, themes and sub-scores where a higher score always indicates a better result, it is important to keep an eye out for questions where a lower percentage relates to a better outcome** (see details on the 'Using the report' page in the 'Introduction' section).

- **To identify areas of concern:** look for questions where the organisation value falls between the benchmarking group average and the worst score, particularly questions where your organisation result is very close to the worst score. Review changes in the trend data to establish if there has been a decline or stagnation in results across multiple years, but consider the context of how the trust has performed in comparison to its benchmarking group over this period. A positive trend for a question that is still below the average result can be seen as good progress to build on further in the future.
- **When looking for positive outcomes:** search for results where your organisation is closest to the benchmarking group best result (but remember to consider results for previous years), or ones where there is a clear trend of continued improvement over multiple years.

Appendix D: Additional reporting outputs

Below are links to other key reporting outputs that complement this report. A full list and more detailed explanation of the reporting outputs is included in the Technical Document.

Supporting documents

Basic Guide: Provides a brief overview of the NHS Staff Survey data and details on what is contained in each of the reporting outputs.

Technical Document: Contains technical details about the NHS Staff Survey data, including: data cleaning, weighting, benchmarking, People Promise, historical comparability of organisations and questions in the survey.

Other local results

Local Dashboards: Online dashboards containing results for each participating organisation, similar those provided in this report, with trend data and benchmark results for up to five years where possible. These dashboards additionally show the full breakdown of response options for each question.

Breakdown reports: Reports containing People Promise and theme results split by breakdown (locality) for University Hospitals Dorset NHS Trust.

National results

National Dashboards: Online dashboards containing national results for NHS trusts with trend data for up to five years where possible. These dashboards show the results for different trust types and include the full breakdown or response options for each question.

Regional / System overview and Regional / System breakdown Dashboards containing results for each region and each ICS.

Detailed spreadsheets Contain detailed weighted results for all participating organisations, all trusts nationally, and for each region and ICS.
