 8.30–8.45am

 Virtual

Start Well, End Well

by PSC

Managing stress is vital for our physical and emotional wellbeing, especially in the demanding world of healthcare. Join our short, guided relaxation practice **designed specifically for NHS staff**. This 15-minute session will introduce you to a simple routine for the start and end of a shift to help **reduce stress and reset your focus**. It uses mindful breathing, muscle relaxation and guided visualisation. This practice is culturally and religiously neutral, making it accessible to all staff, regardless of background or role.

 Virtual

Thriving in a Hybrid Environment

by Wellbeing People

As hybrid working becomes the norm, how do we stay engaged, productive and well when we are at home, onsite or somewhere in between? **Because how we work matters as much as where we work.** In this practical and energising session, we will explore how to **prioritise your wellbeing** and create healthy routines in a blended work model. You will learn how to **stay connected and build meaningful relationships with colleagues** across locations and much more.

wellbeing
people

 10am–12pm

 Virtual

Talk Cancer

by Cancer Research UK

Talking about cancer is not always easy. Talk Cancer, our evidence-based awareness session is designed to **equip you with the knowledge, skills and confidence** to have supportive, **life-saving conversations** about cancer and health. In this interactive session, you will learn key facts about cancer risk, early detection, and screening. You will gain confidence to talk to others about how they can reduce their cancer risk, and the barriers people may face when receiving care.

What is neurodiversity and why does it matter?

by Neurobox

Join us for an engaging and thought-provoking session exploring neurodiversity in the workplace. This session will demystify the language around neurodiversity and explore how to create **environments where everyone can thrive** through inclusive practices. We will also **showcase reasonable adjustments** and how to access them. Let's work together to build a workplace where different ways of thinking and working are **not just accepted, but valued**.

neurobox

 1-2pm

 Virtual

Distress, Trauma and PTSD

by Dr Lorin Taranis

Emotional distress, trauma and Post-Traumatic Stress Disorder (PTSD) are often misunderstood or mixed up, but **recognising the differences** is key to providing or accessing the right support. This informative and compassionate webinar is designed to help **everyone** understand the distinctions between distress, trauma and PTSD and how to respond with **confidence** and **compassion**. We will also explore practical ways to prevent PTSD and how to manage and support yourself and others, including how to signpost to or access further help.

 2-3pm

 Virtual

Support and Guidance for Financial Wellbeing

by MoneyHelper

Managing money can feel overwhelming, but you don't have to face it alone. **Financial confidence starts with the right support.** This informative and supportive webinar will explore practical tools and trusted resources to help you **take control** of your finances. Join us to explore everyday money management, understand credit, discuss money troubles, and access **free, impartial financial education**.

Understanding ADHD at Work

by Neurobox

ADHD is often associated with distraction or hyperactivity, but the reality is far more complex. This session will help you to better **understand, support and empower colleagues** with ADHD. We will also discuss how **inclusive practices benefit everyone**, the **language and perceptions** surrounding ADHD and the common **challenges and strengths** of ADHD in the workplace. We will also explain what reasonable adjustments might look like and how to access them.

 12-1.30pm

 Poole Seminar Room 3 and virtual

Attention Seeker

by Gerard Harris

Storyteller and comedian Gerard Harris shares his **painfully honest, hilarious journey** through anxiety, ADHD, OCD and Tourette's. This show is about **finding your voice in the unlikeliest of places**. From writing jokes behind the scenes to accidentally stepping into the spotlight, **Gerard turns personal struggles into laugh-out-loud moments**. It's a show about learning to live with yourself, speak your truth, and even **find joy in the chaos**.

 2.30-3.30pm

 Poole Seminar Room 3 and virtual

Understanding Menopause and HRT

by Mr Tim Hillard

Join Tim Hillard, founder of Dorset's first menopause clinic as he talks through **what menopause is, common symptoms**, and the available **treatment options**. There will also be an opportunity to gain **personalised advice** in a supportive environment. This session will inform and empower you with trusted information.

 3.30-3.45pm

 Virtual

Start Well, End Well
